

GENERAL SERVICE PROVISIONS (Continued)

1A. CLASSES OF SERVICE (Continued)

Interruptible Service (Rate Schedule No. 4)

Service to any customer on an interruptible basis only, i.e., the Company shall have the right to curtail or interrupt delivery of gas whenever, in the sole judgment of the Company, gas is not available for delivery.

Service to Public Authorities

Service to municipalities or divisions (agencies) of Local, State or Federal Governments, is to be classified as residential, commercial and industrial, group metered apartments, or interruptible as defined in this Section 1A.

2. APPLICATION FOR SERVICE

- a. The Company will furnish service to applicants under the filed rates and in accordance with these "General Service Provisions."
- b. The Company reserves the right to require the applicant, before any gas is delivered, to execute an application. The application does not constitute a commitment by the Company to serve the applicant. Whether or not a written application or agreement is executed, the applicant, by accepting gas service, is bound by the applicable rate schedule and these General Service Provisions as they may be amended from time to time. Failure to make application will make a new Customer liable for all services supplied since the last meter reading by which the previous Customer on the same premises was billed.
- c. If at any time, more than one schedule is applicable to the Customer's service the Company shall, at the Customer's request, assist in determining the rate believed to be most favorable to him. Another rate, if applicable to the service, may at any time be substituted, at the Customer's option, for the rate under which service is rendered, provided that no more than one substitution of a rate may be made within a twelve-month period and that such substitution shall not be retroactive.
